**FOR IMMEDIATE RELEASE**

**Global eTelecom Teams With 4Access Communications to offer  
Check 21+ Processing Solutions with the Orion Terminal.**

Destin, Florida – April 14, 2008 - Global eTelecom, Inc (GETI), announced today the launch of Check 21 Plus, a comprehensive check guarantee program that allows merchants to process any type of check presented. GETI supports the 4Access Communications Orion as a premiere terminal choice for this service. The flexibility of the Check 21 Plus product combined with the capabilities of the Orion terminal makes this a powerful solution for merchants across the spectrum. GETI is raising the bar in the Check processing industry by providing exceptional support and service combined with flexible and scalable solutions to meet the needs of small, medium and large merchants nationwide.

“I am very pleased to announce our latest Check program, Check 21 Plus for the Point-of-Sale.” says John Laurell, Vice President of Technical Operations for Global eTelecom. “This product, released in conjunction with the robust power of the 4Access Orion terminal, promises to be one of the most practical check processing solutions in the industry. This innovative all-in-one imaging solution will revolutionize check acceptance at the Point-of-Sale. No longer will the merchant be limited to the types of checks that they can accept for electronic deposit. As the first in the industry to develop a Check 21 product that can actually offer a guarantee service at the Point-of-Sale, we really do expect exciting results from this partnership.”

“We are very pleased that Global eTelecom has chosen Orion as the preferred payment terminal for its Check 21 Plus service. Merchants will really like the combination of Check 21 Plus on the Orion because it simplifies payment handling, allowing them to accept all kinds of checks as well as cards in one compact unit,” said Steve Davis, CEO of 4Access Communications. “This total payment solution gives acquirers and independent sales

organizations (ISOs) new services to provide to their merchant customers and a competitive edge in the payment acquiring marketplace.”

#### **About Global eTelecom, Inc. (GETI)**

Global eTelecom provides proprietary electronic check processing and Gift/Loyalty services to over 40,000 merchants nationwide. GETI's products are marketed through a sales channel of banks, independent sales offices and credit card processors.
